Attention: Andrew McLeod

Dear Sir,

On behalf of the board of directors of the Fernie Snow Valley Community Association, I provide the following resolution with respect to hearing scheduled for February 25, 2008:

Upon review of a public hearing notice regarding a certain by-law amendment at Fernie Alpine Resort with respect to the Fernie Alpine Resort Official Community Plan ("OCP") to change the zoning designations for certain land that is currently zoned as "green space" to land which would be used for multi-unit residential building and upon discussion, questions and comments and **UPON MOTION DULY MADE, SECONDED AND UNANIMOUSLY CARRIED**, it was unanimously resolved as follows: though the FSVCA does not object to development in principal, the FSVCA believes any development should conform with the OCP. In particular, the re-designation of green space and the precedent this would set is concerning. Because of this concern, the FSVCA submits that the RDEK should reject the subject application

Please feel free to contact me if you have any questions with respect to this resolution.

Yours Truly

Jay Zammit  
President, FSVCA
